CHEST FUND BUDGET CUT 20 PER CENT

Readjustment Is Neces-
sary By Failure to
Reach Quota.

HELBURN CHAIRMAN

G. H. Talbott, Vice-President;
William Wallbrecht, Sec-
retary—Directors
Elected.

A reduction of twenty per cent to all beneficiaries of the Community Chest was agreed upon at the annual meeting of the directors of the corporation yesterday. The cut was made necessary because the entire collections fell short of the quota to this extent.

The entire fund for the Community Chest for the year's work beginning June 1 is only \$14,000 instead of \$17,500 as was the basis upon which the budgets were made out before the drive was made. Each beneficiary will be paid in twelve monthly payments, not in excess of the allotment unless by special permission.

At the annual election of officers, F. S. Helburn was re-elected president for the ensuing year. G. H. Talbott was elected vice-president and William Wallbrecht was re-elected secretary. Directors were elected as follows: E. S. Helburn, G. H. Talbott, A. P. Lebig, A. M. Kinnaird, Frank L. Lee, W. M. Caples, F. D. Hart Jr., M. H. Zaubner, J. W. Allison, Mrs. D. G. Hinks, Mrs. M. G. Hubbard, Mrs. A. W. Rhoter, Mayor J. H. Keeney, R. S. Oaks, H. C. Chappell and P. M. Parsons. R. C. July was made treasurer of funds in the National Bank and W. E. Frazer of funds in the Citizens Bank.

The following were elected to standing committees: Executive committee, G. H. Talbott, chairman, H. E. Verran and R. S. Oaks; Tree Planting, A. M. Kinnaird, chairman, Mrs. Hinks and Mrs. W. C. Stair; Salvation Army, Frank L. Lee, chairman, R. L. Maddox and W. B. Schultz; American Red Cross, P. M. Parsons, chairman, J. W. Bradner and F. Moomau; Carnegie Library, Mrs. J. T. Alderson, chairman, and Mrs. Hinks; Grace Nettleton Home, Mrs. E. S. Helburn, chairman, and Mrs. Hinks; Red Bird School, T. R. Hill, chairman, and E. S. Helburn; Girl Scouts, Mrs. H. H. Saunders, chairman, and Mrs. Stair; Under-Privileged Child, Dr. U. G. Brummett, chairman, J. W. Bradner, chairman, and E. S. Helburn; School Athletics, J. W. Bradner, chairman, Joe P. Bosworth, T. R. Hill, J. H. McGiboney, J. H. Chesney and R. L. Maddox.

Resolutions from the Red Cross and the Board of Education were read asking that the latter be allowed to pay \$1,500 for the nurse's salary from its fund and that the funds in the Red Cross, to this amount and for this purpose, be turned over to the playground and recreational work.

The Community Chest board made and adopted a resolution asking that more definite resolutions be made by the Board of Education and the Red Cross agreeing that the Red Cross nurse be under the jurisdiction of the Red Cross at all times and not under that of the school board and that the Red Cross, so far as local finance is concerned, be under the jurisdiction of the Community Chest. In the event these conditions are agreed upon, the \$1,500 may be used for playground purposes if the Board of Education will give that amount for the salary of the nurse.

Chairman E. S. Helburn presided at the meeting. The report of Secretary William Wallbrecht was made and accepted. Among others, the following figures were made public by the report:

Cash assets on hand at the close of the Community Chest year, May 31, in the National Bank, \$145,633; in the Citizens Bank, \$676,778; in the Salvation Army, \$10,022; Tree Planting, \$74,549; Scouts, \$450; Emergency fund, \$587,80. In the recent drive there were 522 contributors, giving \$13,899.75 in the following manner: Cash on the day of the drive, \$1,191; 251,75; post-dated checks, \$4,191; pledges, \$5,467. Cash report, June 1 balance, \$1,122.41. Balance on hand yesterday was \$5,411.51.

The balance carried over from the previous year was not included in the regular budget but will be used for emergency cases such as failure to meet pledges.

Bold Bandits Are Youthful Darkies Munching Pastries

LOUISVILLE, July 15.—Alarm was given to the police that bandits had forced entrance to the plant of the Loose-Wiles Biscuit company. The blue-coats came en masse to the scene, armed to the teeth.

Arriving at the place, they found the door had been broken open. With drawn revolvers they entered and began a stealthy search for the burglars. They found them. Seated on a box with a choice array of toothsome pastries before them were two small colored boys eating, satisfying their craving for cake.

The officers took the boys to the Detention Home where they will be turned over to the juvenile court.

CHAIRMAN HUNT DIFFICULT JOB

Democratic Nominee Enlists Aid of
Party Leaders to Help
In Task.

By Associated Press.
NEW YORK, July 15.—Choice of a chairman for the Democratic National Committee has become so difficult that John W. Davis, presidential nominee, today called four party leaders to help him pick a man. The candidate held lengthy conferences with Cordell Hull, present chairman, Norman H. Mack, of New York, George White, of Ohio and Daniel Cropper.

TWO IN KNOX ARE KILLED BY AUTOS

Minnie Dozier and Hobart Payne Die
In Wreck Near Bathourville
Sunday.

BARBOURVILLE, July 15.—Two persons were killed in auto accidents in this vicinity Sunday. Standing on the running board of a car containing a party of friends, Minnie Dozier, 18, was hurled to the ground and under the wheels when the brakes were applied. The accident occurred on the Middlesboro-Barbourville road.

GIANT GRAIN FIRM ORGANIZED IN N. Y.

Growers Will Be Able to Gain Control of Elevators by New Plan.

By Associated Press.
CHICAGO, July 15.—A transaction by which grain growers will be able to acquire control of all elevators of five of the largest elevator companies was reported completed today. Incorporation papers are for the National Cooperative Sales agency. The grain marketing company is reported to have been asked from Secretary of State Springfield properties valued at \$25,000,000. The company will be the largest cooperative firm ever organized.

ROBBER GETS \$50 FROM FIVE HOMES

Residents of Fern Lake Station the
Victims of Nocturnal
Intruder.

Five burglaries or attempted robberies were reported in vicinity of Fern Lake station during the latter part of last week. An aggregate of about \$50 was taken in the hauls, according to the police who report that there are no clues leading to the identity of the thief.

Taylor Martin, one of the victims, reported that the robbers entered his bedroom, carried his trousers in the kitchen and there rifled the pockets of the money he carried. In other cases nothing of value was taken.

The robberies or attempts at house-breaking are similar in character to those which have terrorized residents of Notetown and other sections of the West End.

RULES FORMULATED FOR AIR TRAFFIC

Cede Agreed Upon in Europe Will
Minimize Damage of Collision
in the Air.

By Associated Press.
LONDON, July 15.—Rules agreed on by the British, Belgian and Dutch governments to minimize risk of collision between aircraft, have been issued by the air ministry.

These provide that every pilot when flying on a compass course shall, whenever it is safe and practicable, fly on the right of the straight line adjoining the point of departure and point of arrival. When an aircraft is flying beneath cloud, it must keep at a fair distance below the cloud base in order to see and be seen.

When a pilot decides to follow a route which is officially recognized or consists of a line of ground marks, he should bear in mind that the risk of collision with another aircraft following the same route is considerable. Every pilot therefore following such a route shall endeavor to keep it at least 300 metres on his left.

Every pilot who decides to cross any route he is following shall do so at right angles and as high as circumstances permit.

England Invents New Marine Bomber Plane

By Associated Press.
SOUTHAMPTON, Eng., July 15.—Successful tests have occurred with a new air-marine bomber built for the Spanish Government by an aircraft firm here. The plane easily "took off" as well as came to anchor on rough water. Pilot, gunner and observer are accommodated in the forward position of the boat and the bombs are carried in the hull.

Snake Pest in Germany
By Associated Press.
WELTHEIM, Germany, July 15.—A pest of adders has made its appearance in this agricultural community and done much damage to stock. The snakes attack calves, many of which have died, and an adder brigade has been formed to exterminate them.

TEACHERS' PAY MAY BE REDUCED

Per Capita Fund Is Reduced Through-
out the State, From \$8.10 to
\$7, Report.

By Associated Press.
FRANKFORT, July 15.—By the reduction in the school fund per capita rate of \$1.10, announced by McNelly Roads, State Superintendent, there will be a loss of \$725,231.50 in the amount available for teachers' salaries throughout the state.

The per capita rate will be \$7. It was \$8.10 last year. This means that for each one of the 659,335 school children in Kentucky there will be \$1.10 less distributed among the counties and cities for the payment of teachers. The average loss will be \$50 for each of the 14,000 teachers.

The common school fund is held to be inadequate for teachers' salaries. Every year the amount of the funds for the ensuing 12 months is estimated and divided by the number of pupils in the state. This gives the per capita rate.

The money is distributed among the counties and cities this year on a basis of \$7 for each pupil shown by the census in the county or city. For each pupil in a county or city the money received from the state will be \$1.10 less than last year.

The loss to counties will range from \$800 in Gallatin to \$14,000 in Pike, according to their pupil census, and the same way in cities and graded districts.

Police Court News

Mary Mason, Frank Buckner, Luther Shuttles and Hugh Welch of Speedwell, convicted of disorderly conduct, were fined \$24.25. J. M. Palmer and Mary Malone, convicted of drunkenness, were fined \$14.25.

ADVISORY BOARD PLAN ANNOUNCED

Advisory Committee to be Formed of
Representatives of All
Sections.

By Associated Press.
WASHINGTON, July 15.—The Republican advisory committee in the forthcoming campaign convened by President Coolidge will be formed into a body with a shifting personnel of representatives of various sections and points, it was announced today.

BREAK PARK RECORD FOR THIS YEAR

Movement to National
Playgrounds Great-
est in History

ALL HAVE INCREASE

Yellowstone National Reports a
Gain of 125 Per Cent Over
the Year Just
Past.

By Associated Press.
WASHINGTON, July 15.—The national parks throughout the country are being visited by unprecedented numbers of sightseers, some of whom travel from coast to coast by automobile to get a glimpse of the natural scenic wonders of the great open spaces of the west.

A big increase in the automobile travel to Yosemite in California is shown, 8,550 of the 11,745 persons visiting the park during May traveling in 2,669 cars, an increase of 50 percent over May of last year, and a total increase of 20 percent, considering all means of travel. To June 7 the total had reached 23,109, more than half of whom went in 1,200 automobiles. The 1923 season mark was 13,046 for Yosemite.

The reports state that Crater Lake, Oregon, has experienced a banner pre-season period, due principally to the attractions afforded campers of the west. On June 16 a total of 1,413 automobiles carrying 1,226 visitors from 32 states, including Maine, Vermont, New York, Washington, D. C. and Texas, had toured the park. At this time last year, due to a later opening, not a single visitor had entered the park. The 1923 season mark was 32,017.

The spectacle of a native Navaho from the South Sea Isles, phasing while floundering about in the snow, the first he had ever seen is mentioned in the Crater Lake reports.

Travel to Mt. Ranier, Washington, increased 82 percent in May compared with that month last year, 6,975 of the tourists going in 1,525 automobiles compared with 3,246 in 881 cars in May, 1923. On June 15 the gain was 183 percent over last year, when the season mark was 123,708.

One of the features of Mt. Ranier, as reported to the park service, is a two to three mile drive through a channel in the snow five to ten feet deep, the tourists being taken through a snow tunnel to enter Paradise Inn, one of the park's attractions.

In one recent week 130 cars carrying 1,294 tourists passed through Sequoia park, California, where the "General Sherman," the largest and oldest tree in the world, 36.5 feet in diameter, is located. More than 30,000 persons visited Sequoia in 1923.

General Grant National Park in California had received 11,030 tourists in 315 automobiles up to June 15, a big increase for that time of the year. Last year there were 46,230 visitors to the park.

EX-SERVICE MEN TO MEET FRIDAY

"Beaucloup Eats," Jazz Music for
Meeting—Bonus Blanks to
Be Issued.

Details for the next ex-service men's meeting were arranged by the committee last night. The gathering will take place at the Carnegie Library at 7:30 Friday night. Sandwiches and soft drinks will be served for refreshments. All men who have ever had United States military, naval or marine service at any time or place are urged to be present.

The great purpose of the meeting is the rejuvenation of the two ex-service men's organizations, the American Legion and the Veterans of Foreign Wars. Each man in this vicinity is urged to join one or both of these organizations, this depending on eligibility of membership.

Compensation blanks will be distributed at the meeting Friday night and instructions furnished regarding the filing of claims for the federal bonus. Prizes, donated by public-spirited men, will be awarded winners in the drawing contest. The Middlesboro jazz band will furnish music for the occasion.

Long before the time of Columbus the majority of Arabic scholars of the Middle Ages held that the earth is a sphere floating in space.

COMMUNITY SERVICE IN TEACHERS' EXAM.

Proper Spelling Given Stress—Argu-
ments For and Against Con-
solidation.

FRANKFORT, July 15.—Those taking examinations for teacher certificates for primary and secondary grades and whose papers are being graded today in the state department of education were forced to try to spell properly the following words:

Athletic, vegetable, pigeon, parliament, turnip, sausage, privilege, profit, governor, siege, country, hygiene, capable, journal, anxious, precede, traitor, considerably, apparatus, phonograph, grievous, believe, superintendent, psychology, opportunity, proficient, tincture, transaction, appetite, disagreeable, please, conscience, arrangement, personal, fascinate, mathematic, blotter, perpendicular, succeed, calendar, villain, because, zealous, selection, judicial, eligible, service, obedience, office, definitions.

Besides the spelling, there are ten other papers to be graded: theory and practice, writing, reading, geography, grammar, composition, arithmetic, history, civil government, agriculture, physiology.

The theory and practice paper, the most interesting asked:

Briefly outline your plans for arousing the interest of your patrons.

State your plan for making the school a health agency for the community.

Write a paragraph showing the educational value of playground activities as related to good citizenship.

What methods would you use to secure good school attendance?

Outline a plan you would follow with your patrons for beautifying the school premises.

State the meaning of the following terms in connection with your daily program: alteration, retardation, correlation.

Briefly state arguments for or against consolidated schools.

Write brief paragraphs on school incentives from the following outline: Specific incentives. Generic incentives. Function of incentives.

RECEIVER WILL DELIVER BONDS

\$1,000,000 in Stolen Securities Will Be
Regained by Suit Dis-
missal.

By Associated Press.
NEW YORK, July 15.—Negotiations intended to lead to the recovery of more than \$1,000,000 worth of stolen securities from five Wall Street bond thefts in 1919-20 opened today between representatives of the Federal Court and Jules "Nicky" Arnstein who was sentenced to Federal prison for conveying stolen securities. Arnstein is said to have recovered the securities on the condition that the indictment charging him with having received stolen property be dismissed.

COUNTING MONEY CAUSES SUICIDES

Mental Derangement Resulting in
Self Destruction From
Currency.

By Associated Press.
BERLIN, July 15.—In seeking an explanation of the epidemic of suicides in Germany, some physicians are inclined to ascribe it to mental derangement arising from dealing in paper money of such enormous denominations.

For a while worry due to economic causes was generally felt to be the explanation of so many suicides, but some to believe that theory is not upheld by facts.

In some cases a slight quarrel with a superior is sufficient to induce a man to commit suicide. In another case a girl is dismissed from service and before looking for another job, she turns on the gas. In a third case a young man comes home from college with a poor report and puts a bullet through his brain. Cases of this kind can hardly be ascribed to money worries, the physicians say, and therefore have reasoned it out that people's nerves were so shattered by dealing with figures of twelve and fifteen digits that they committed irrational acts on the slightest provocation.

Juniper Tree Is Near Forty Centuries Old

LOMAN, Utah, July 15.—A giant juniper tree discovered recently in Loman canyon near here is estimated by Dr. Henry Cowles, of the University of Chicago, to be between 3,500 and 4,000 years old, perhaps the oldest living thing except the individual trees of California. The tree is 27 feet in circumference.

STATE BODY LETS CONTRACTS TODAY

150 Miles Road for Fifteen Counties
Included in Contracts Let at
Frankfort.

By Associated Press.
FRANKFORT, July 15.—The State Highway Commission met today and awarded contracts for surfacing 150 miles of road in Allen, Carter, Christian, Grant, Hancock, Jefferson, Kenton, Knox, LaRue, Laurel, Madison, Rockcastle, Owen, Scott and Union counties.

Farmer Converts Land Into Lakes; Cultivates Fish

Associated Press.
LUDWIGSLUST, Germany, July 15.

—The crops of E. Ziemsen, an extensive land owner near here, did not pay very well last year, so Ziemsen flooded the fields in the fall and this year has been raising fish and doing so well financially that he is planning to extend his home-made lakes.

Ziemsen has about 1,000 lowland acres under water. German carp have done particularly well in the flooded fields, and this year Ziemsen expects to gather about 80 tons of fish.

On some higher ground of his estate Ziemsen has a large tract devoted to the raising of the blue fox.

WOMAN'S BODY IS FOUND BY ROAD

Believed to Have Been Murdered—
Probably Been Dead for a
Week.

COVINGTON, July 15.—The body of a woman believed to have been murdered was found by a boy in the weeds along the roadside in Devou Park, near the West Covington subdivision.

The body was badly decomposed, but there were apparently two bullet holes in the head. The woman's shoes were missing and part of her clothing had been torn off, giving evidence of a death struggle.

The coroner is of the opinion that the woman met her death a week or more ago. Though the shoes were missing, the woman's body was still covered by stockings, a waist, a black skirt and partly torn undershirt.

The coroner found one gold molar in the woman's upper row of teeth and two gold teeth in the lower jaw.

Arnstein is said to have recovered the securities on the condition that the indictment charging him with having received stolen property be dismissed.

THIRD BANDIT IS ON TRIAL TODAY

Alleged Slayer of Frank Buchanan
Before Court—Two Others
Convicted.

By Associated Press.
PARIS, Ky., July 15.—Richard Newhouse, third of the four alleged bandits charged with slaying Frank Buchanan in an attempted holdup of the Farmers' Bank at Clintonville, went on trial today. It is expected that the day will be consumed in obtaining a jury. George Farrell and Elmer Hall were found guilty and given the death penalty. Robert Mullin is the other defendant.

LINER HAS RICH STORE OF DRUGS

Had Yields \$1,000,000 in Narcotics
and Nine Prisoners in
New York.

By Associated Press.
NEW YORK, July 15.—A hundred customs agents took possession of the Italian, American liner, due today, when after a night raid it netted federal and narcotic agents \$1,000,000 worth of contrabands and nine prisoners. It was reported that a similar amount of narcotics remained hidden aboard the vessel.

SETTLERS CUT OFF
Line of Blazing Timber Reaches
From Southern California
to British Columbia
Vicinity.

By Associated Press.
SAN FRANCISCO, July 15.—Fifty-two persons are unaccounted for and believed to have perished within twenty-four hours in forest fires which are sweeping all sections of the Pacific coast.

They are: W. O. Dillon and family of six; loggers caught on Trapper Creek, Idaho; party of thirty-five trapped in Washington; four men caught in Salmon Valley, British Columbia. The fires raging from Southern California to British Columbia is characterized as the most serious situation that ever existed on the western coast. Blazes are reported to have burned over courses which had cut off homestead settlers of whose fate word is eagerly awaited.

NEED OF A VITAL CIVIC BODY

A community is a group of people living together in a common neighborhood, and working together to promote their common interests. Each member of the group has individual needs, which must be met by his own efforts, but he has other needs which he shares with his neighbors, and these cannot be served except through concerted action on the part of all. If, for example, business and living conditions are greatly improved, it must be through the associated effort of large numbers of the men and women of the community.

Back of every big business institution, there is the personality of some one man who has others who work with him as a team. Behind every community that is today rapidly advancing in all departments of its life, one will always find one or more groups of public-spirited men and women of vision, of high hopes, of unshakable faith, who are not thinking of weeks, but decades, and who are making their time, money and strength make their city great in every particular.

Chiefly speaking, there is no important element of community life that is not brought about by the common persistence and organized determination of the leading spirits of the community. Talk all we may, Mrs. Ral business building, trade and Mrs. A industrial development, the that is going to make Middlesboro great in all of the elements of progress is the cooperation of her citizens. Without fully located little city grow.

LAFOLETTE IS OUT

LaFollette is out for president. The Conference for Progressive Political Action has endorsed the Wisconsin war horse and he has accepted the call to become the savior of his country on the Progressive platform. The platform is good in some respects but smacks strongly on communism or at least extreme socialism. The party has denounced almost everything to existence including the Ku Klux Klan, Republican party, Democratic party, monopoly and plutocratic control of the government. Hardly a wave of interest has been started by announcement that LaFollette would be a candidate and hardly that much is expected after the count in November. America has not yet reached the point where she can endorse a straight out Red, no matter what may be wrong with the old parties. Italian Enterprise.

LAFOLETTE, THE EXCLUSIVE

Robert M. LaFollette does not favor absolutism on the part of the other fellow. But he surely does wish power in his own hands. He is an autocrat among the various official and discredited elements which seek to shower their homage upon him. He is recognized in Wisconsin as a boss of the old type, one who tolerates no near rivals and he has convinced many even among his own supporters.

An exhibition of the LaFollette attitude toward a man in his refusal to allow any of the several congressional committees to nominate him in a regular way or to accept any responsibility for any of their actions. He promulgates his own platform and even boasts upon the personal selection of his running mate. Yet he is expected soon to begin the time of broad-based privilege.

In the matter of a respectable candidate for vice-president, the Wisconsin senator seems to be experiencing difficulty. No choice has yet been announced, and the impression is growing that nobody, who is anybody, cares to be dangled before the public very much, like an Italian organ grinder's monkey. As a "100 per cent representative of the people," one would prefer to be chosen by at least more than one man.

Perhaps Senator LaFollette will explain in the progress of his campaign that he understands the desires and aspirations of his followers better than they do themselves and may be trusted to provide for them. He will probably let them know from time to time as much of his plans as he thinks is good for them. Evidently, however, he doesn't want them to reason why. It is theirs "to do and die" in the cause. Chattanooga News.

Sixty American college men are having the time of their young lives at Lenden and we suppose the oldest inhabitant took the boys around and told them how he distinctly remembered how their "steenth grandfathers" were regular town cut ups before they made the voyage on the Mayflower that time.

The three foreign ministers of the Little Entente had a very pleasant meeting at Prague the past three days and we suppose that the first thing they did was to pass a resolution re-training the frontier guards of each of the Little Entente from slouting at each other while the meeting was in progress.

We are advised by a mutual friend that Mr. Howard Carter will commence anew his investigations of the tomb of Tut-ankh-amen this fall and we expect to send him a special cable, collect, within a few days asking him to please dig into another wardrobe of Mrs. Tut-ankh-amen and see if he can't find something new that will look well with the latest autumn bonnet.

After duly sampling, inspecting and making a complete analytic report on the waters of the swimming pool and finding them as pure as any that ever flowed in the Vale of Tempe, the doctors of Norton, Virginia, did several and jointly, divest themselves of hat, doublet, shoes, shirt, coat having and small clothes and after attiring themselves in the swimming togs affected by the smart set of that city, did plunge in and bathe in said pool and by so doing set a sign before all the people to go and do likewise.

The citizens of Jellico were recently thrown into a great state of agitation and unrest by the aerial antics of that preux chevalier and all about cut up of aeromantics, Mr. Owen Greer who after sunny dips, swerves, skin the cats, summersaults and flip flops did dive manfully toward the earth, but on the earth rising toward him in a rather unexpected manner he was forced down into a fine field of maize and did plow about among said corn but according to the report of our esteemed contemporary the Jellico Carry-On, who dwells delightedly on invulnerability of Jellico corn in general and this field in particular, little damage was done and the owner expects to shuck out a full crop even after the mad prank of Mr. Owen Greer.

A man's praises have very musical and charming accents in another's mouth, but very flat and untunable in his own.—Xenophon.

HUNT'S DAILY LETTER

(By Harry B. Hunt)

NEW YORK, July 15.—The "Good Gray Candidate," is a title likely to be appended to John W. Davis, the Democratic choice for president, before the campaign has progressed many weeks. For the out-standing factor in Davis' appearance is his crown of snow-white hair. His face is that of the average well-fed, well-kept smooth-shaven man of 54, a little flannel after exertion, but with not too high a color and devoid of any wrinkling of age. His white hair, however, is that of a patriarch of the seventies.

Davis is a comfortable sort of person. Thoroughly at ease himself in any company, he makes those around him feel at ease. He is also easy and comfortable in his clothes, preferring sort-of-casual shorts and roomy light-weight suits to the more dignified habiliments of many near-great lawyers.

This ease of bearing which lends him distinction in any gathering and any company, once led an English journalist to say of him that, even at court receptions and formal functions, which he attended as American ambassador to Great Britain, where gold bands and glittering uniforms are the rule, and where even our George Harvey appeared in knee pants, Davis in ordinary evening dress carried an air which marked him as one of the striking figures in any group.

Notwithstanding descriptions by the society writers to the contrary, Davis is not a handsome man. His features are not sufficiently symmetrical for that. His forehead is too balding, the lines on his cheeks too flitting, the mouth too thin and restrained to qualify him in a beauty contest. He is, however, unquestionably a man of striking appearance. Anyhow, in picking a man to run against Calvin Coolidge, it was not considered necessary to search for an Adams. Strength and personality were much more desirable qualifications, and Davis supplies both of those in good measure.

RADIO PROGRAM TO BE BROADCAST IN U. S. TOMORROW

PROGRAM FOR JULY 16 (Courtesy of Radio Digest)

By Associated Press.
WMAQ—Chicago News (11:15) 5:30 children; 7: North-western U; 7:30 lectures; 8:15 music.

WRC—Washington (196) 5:15 talk.

WHEN JACKSON LOST

Although Andrew Jackson, in the presidential election of 1824, received the largest popular and electoral vote, he did not become president. The house of representatives, led by Clay, chose John Quincy Adams.

Snakes have longer wheel bars than any other known living animal.

Enemies are friend you made the mistake of losing.

If barber shop mirror talked to beauty parlor mirror they would say the same things.

Men who object to hair in their food should always marry bald headed women.

A model husband is one who is a nice to his wife in private as he is before company.

Poor little movie talk, several of them haven't been married within yet.

You can't expect people to be cheerful at breakfast with their faces looking as if they had been slept in.

Wonder if a divorce ever is altered from a man having another man's hair or in rolling pin.

You can tell a bungalow from a garage by remembering the garages have the largest doors.

Put on the summer getting yourself all washed up before the long cold winter months set in.

A man is usually considered a con-

and because he doesn't happen to know the same things you happen to know.

There are sermons in stones, and in a large stone in a ring gives a girl the right to preach.

"MY, WHAT A PRETTY HOUSE"

Ever go by a place and exclaim, "My, what a pretty house?" Then stop to look it over and find that 75% of the attractiveness comes from the fact that it was well painted and kept up.

Fresh painting distinguishes your home—makes all the difference between a house that inspires admiration and one that is dull and characterless—between showing it off and showing it up.

Painting your house kills two birds with one stone. Not only does it add to its beauty and thus increase its value but it also lengthens its life by protecting it from the weather.

We carry a full line of guaranteed PAINTS, OILS and VARNISH. Get our prices.
